**ATWATER KENT RADIO**

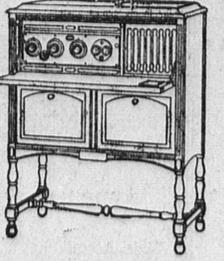

**How Did You Enjoy The World's Series?**

Hundreds of local Atwater Kent Radio owners enjoyed the recent Baseball Classic as thoroughly as though they were seated in the Press Box at Pittsburgh or Washington.

Over the mystic waves of the air came the action of the game, play by play, vividly, realistically, instantly.

Seated in your own comfortable chair at home, in your office, or at the many places in the business district where ATWATER KENT Radios were placed for your benefit, you became a part of the great throbbing crowd of cheering fans.

You were in the center of a miracle; you were at two places at once. All you need is a radio—an Atwater Kent Radio if you want one that is scientifically built for all-round service—for tone, volume, selectivity. Let us demonstrate one in your own home.

Model 1600 Foster Cabinet with No. 20 Atwater Kent Compact Radio, \$210.  
 Model 20 Atwater Kent Compact, separate, without accessories, \$55.

Last Week it was Baseball. Soon it will be Football, and all the time it is Music, Song, and Dance; yes, even Calisthenics, News and Prayer. Every hour of the day your radio serves you.

**175,000 Enroll In Ford Weekly Purchase Plan**

**Countrywide Sale of New Models Continues With Rush**

Every day new evidence comes in of the popularity of the improved Ford cars, according to Schultz, Peckham and Schultz.  
 It is not only expressed in the crowds which fill dealer showrooms all over the country and the groups which pause to inspect the cars wherever they appear on the streets, nor alone in the thousands of orders being booked for immediate delivery, but also in orders entered for future delivery.

Probably the best index to future deliveries of these cars is found in enrollments in the Ford weekly purchase plan, which have shown a remarkable increase since the cars made their appearance.

This increase was first noticed the last ten days in August, during which the announcement of the cars was made. In that period enrollments under the plan reached a total of 13,167, and in the ten days following, the first in September, the number of new purchasers under the plan totaled 16,054.

Those enrolled under the plan at the time the improved cars were announced all benefited by the change, for they will receive the new types and will be given preference when they desire delivery of cars.

More than 175,000 are now enrolled under the plan and, with others coming in at the rate of 1600 a day, it will not be long before the enrollment list will exceed 200,000.

Those who are ordering cars under the plan at the present time for the most part contemplate delivery either during the coming holiday season or for early spring next year.

**No Two Leaves Are Alike!**

Out in your yard is a beautiful pepper tree, haven of cool shade on the sultry days. Its rustling leaves beckon an invitation you cannot resist.

One day, looking up into its changing lights and shadows, you suddenly see for yourself what you have always heard to be true—that no two leaves are alike! And after that the tree is more interesting.

Banks are like that. Their uses in the community, like leaves, are much the same, but no two banks are alike.

Some confine their efforts to Savings. Others do only a Commercial business.

The First National Bank specializes in Every Banking Service. Whatever may be your errand in the bank today, to you it is the most important thing for the time being. The service rendered to you must be prompt, thorough and willing.
